## FROM THE DESK OF MAYOR KEN RANKLE

Finally, the arrival of Jameson and Jackson to our family is very exciting. Both boys are healthy and looking great. The holidays are going to be fun with four boys running around the house. Life is certainly changing in our family.

We will be having a public meeting to introduce a new partner into our riverfront development in October. Plans and last minute details are being finalized this month. The date and time will be advertised on our website and the message board in front of the city building.

With tax time approaching, the bills will be sent out this month. For your convenience they are now payable by credit card. When using your card, a service fee will be added to the amount to cover the cost the card company charges.

Election time is rapidly approaching. Please attend council meetings and be informed about what is happening in your community. Stop and take the time to find out the truth about questions or concerns you might have; elected officials work for you. Voters that reported to the city building as their polling place will now be voting in the First Baptist Church, as each voter in this precinct will be notified by mail from the county clerk.

Dayton High School needs your help on September 11 as P&G is testing products as a fundraiser. One hundred people are needed to ensure a successful test. Testing time runs from 2- 6 p.m. Call 859-292-7486 if you are able to participate.

October 18 is the date set for the Fall Festival. This has always been a great festival with food, vendors and good music. Make plans to attend, bring a friend from out of town with you to see our great community.

In closing, I want to take the time to say thank you to Becky Mays for all of the help she gave this year in taking care of our flowers throughout the city. The plants and flowers looked great.....thanks again, Becky. If you need help, want answers or to share an idea call the city building at 491-1600. Take time to enjoy these last days of summer with autumn quickly approaching.

## Best Wishes to Barb Washington!

Congratulations to Barb Washington, who recently retired after serving the City of Dayton for 18 years as the Assistant City Clerk and Treasurer. Above is a picture of Barb receiving a well-deserved proclamation from Mayor Ken Rankle during the August 5th council meeting. Thank you Barb, and best wishes to you as you enter your retirement!

## 4<sup>th</sup> Annual YSC Product Survey

The YSC is in need of 100 volunteers to take part in the **4<sup>th</sup> Annual Product Survey Fundraiser on Thursday, September 11th in the Dayton High School cafeteria.** Volunteers are needed to complete various surveys between 2 and 6 p.m. Surveys could take participants anywhere from 15-45 minutes to complete, depending on the number of products to be tested. Participant time slots are available every half hour.

Participants might be taste testing food items, and/or providing feedback on the look or use of various household products. Each participant could raise between \$6-9 for Youth Services Center Programs. Participants may even be invited to use products at home, and return a completed questionnaire and/or product for an additional \$6. Funding raised will go to support the Drug Free Club and to provide students with items they need such as school supplies, clothing, and holiday assistance.

Show your support for Dayton High School students by signing up to volunteer. Please contact me at [sherri.chan@dayton.kyschools.us](mailto:sherri.chan@dayton.kyschools.us) or 859-292-7486 to sign up for a time. Please help spread the word to any friends or family that might be interested in helping the Dayton H.S. Youth Services Center by forwarding this email. This is an easy way to support Dayton students that requires minimal time and no cost!

Thank you for your support!  
Sherri Chan, CSW  
Youth Services Center Coordinator

## FROM THE DESK OF SUPERINTENDENT JAY BREWER

### INSPIRE!

The mission of Dayton Independent Schools is to Inspire, Engage, and Grow each of our Students!

We have started the roll out of our new district mission statement and I want to take this month to focus on one of our three key words...Inspire! In building our mission statement we started with the word INSPIRE as we believe that inspiration is the first step in moving towards excellence. One has to be inspired to set goals, work hard, overcome, and see things through until completion.

In the book *Start with Why* by Simon Sinek, we see many of the ideas behind our selection of the word INSPIRE. Sinek is quoted as saying, "There are only two ways to influence human behavior: you can manipulate it or you can inspire it." We choose to INSPIRE it! Sinek encouraged us to start with our "Why" when we built our mission statement. He explains, "By WHY I mean what is your purpose, cause, or belief? WHY does your company exist? WHY do you get out of bed every morning? And WHY should anyone care?" He goes on to clarify that "People don't care WHAT you do, they care WHY you do it."

We are using this "WHY" as our first point for staff and students in getting to our third word, GROW. Once a staff member or student has a well-defined "WHY", we believe this will INSPIRE them to strive for excellence. We are looking to connect each of our students and staff to strong "WHY's" so that they feel INSPIRED to GROW.

In the coming months I will continue to share our thinking behind the new mission statement. Thanks for your continued support! Go...Grow...Dayton!

Submitted by Jay Brewer, Superintendent

## Meet the Candidates 2014

### Question & Answer Forum to be held October 14

All candidates on the November 3 ballot will soon receive invitations to the second **Meet the Candidates 2014 Night to be held on Tuesday, October 14 at the Kersten O'Day VFW Hall from 7 - 9 p.m.** This time around, the event will be a more formal Question and Answer Forum led by an independent moderator who will randomly ask questions to either council or mayoral candidates. These questions will have been submitted by Dayton residents only.

Please know in order to make the most of our allotted time and due to the number of candidates in this year's election, participation in this event will be **limited to Dayton candidates only.** Mayoral candidates will be seated together and Council candidates will be seated according to a random draw. Tentatively, this Q & A Forum will rotate in the order of 20 minutes (Mayoral) and then 40 minutes (Council) for each hour. **The deadline for submitting your questions to the candidates will be Tuesday, October 7.**

If you would like to submit a question to either a council candidate or a mayoral candidate, please indicate which and write down your question. Do not individualize your question, as all questions will be randomly assigned by the moderator. **All question submissions will remain anonymous.**

Please mail your questions to:

Meet the Candidates 2014  
c/o Dayton Community News  
P.O. Box 73074  
Bellevue, KY 41073

Remember, this is YOUR city and YOUR VOTE COUNTS.

## "Miss Tay's Clothing Closet"

This summer, the Dayton Family Resource Center lost one of our favorite people and strongest supporters. Miss Tayann Grimm helped us help children since we first opened our doors in 1991. Miss Tay wore many FRC hats. She was one of our very first Advisory Council Members. She volunteered during various Readifests, Ice Cream Socials, Parenting Classes, and After School Programs. She helped with school supplies, holiday assistance, canned food drives and sorted clothing donations.

Miss Tay thrived on helping others. Whenever possible, she would make a donation to the FRC in order to assist with clothing, food or holiday gifts. As sad as we are in missing our Angel on Earth, it gives us great comfort to announce that the clothing closet in our Family Resource Center will now be called "**Miss Tay's Clothing Closet**". It was Tayann's desire that donations at her passing be made to help the children of Lincoln School. Those donations will be utilized to assist children in need throughout the school year.

Thank you, Tayann, for all of your support and caring. We can all learn something from your example. Donations can be made in Tay's name at Lincoln Elementary School.

Submitted by: Gina Byrd, Director  
Dayton Family Resource Center

## A Trip to the Principal's Office

Greetings from DMS/DHS. We are off to a great start! Enrollment at the end of last year was up for the first time in years, and since the start of this school year, we've enrolled an additional 30 students. We believe that because we are offering a better learning environment, students who previously chose other schools are coming back. We are excited about so many things this year. Like most of the universities within the USA, Dayton High School now offers online classes for its students. There has been some concern expressed regarding these classes, but most concerns are simply misunderstandings. Please allow me to explain why we are offering online classes and how they help our students prepare for future success.

Our Online classes are offered for several reasons. The first of which is obvious and falls in line with what many other high schools do; credit recovery. Credit recovery is needed when a student has failed prior classes and is off track for graduating on time, or is at risk of dropping out. The rigorous online courses, allow a second chance opportunity to those students. The second reason for offering online classes is to provide a larger selection of elective courses for our student body to choose from.

When a student enters Dayton High School, he or she takes 7 classes per day over a period of 4 years. That totals to a possibility of 28 credits by graduation. DHS requires 25 credits to graduate and within that 25, there are specific requirements. For instance, students must earn 4 high school math credits including Algebra I, Geometry, and Algebra II. 4 years of English are also required, three years of science and social studies, etc. The list goes on and on. We have a total of 26 teachers that are shared between the middle and high schools. We do everything we can to provide a wide variety of class choices with the staff available.

However, we have many students that do very well academically, and by their senior year need only one or two actual classes for graduation. These students are still required to take 7 classes per day and will earn additional credits. Currently DHS does not offer Pre-Calculus classes due to the lack of students prepared for such coursework. Through the use of our online programs, students can take Pre-Calculus, and a wide variety of other courses. The great thing is that students now have choices that they did not have before. Students can pick elective classes that they are interested in. Another reason for offering online courses is college preparation. Many of you already know that colleges now require students to take some online coursework. By exposing students to this type of coursework while in high school, they have a unique opportunity to prepare for what they will likely face in college. We owe it to our students to provide them this opportunity.

A final reason for offering these online courses is, scheduling flexibility. We have a few students that have unique scheduling needs. For instance, those students that attend vocational school. We are grateful for the opportunity to offer students vocational studies. For those students, it serves as an opportunity for success and future employment. Those students travel outside of DHS for up to 4 hours per day, which gives us limitations when it comes to our required classes. With online courses, we are able to allow more students to attend vocational studies if they choose that career pathway. With DHS offering more career pathways, now than in the past, students may be experimenting to see what best fits them. This too can cause a scheduling issue; given our limited staff. In this situation online classes provide flexibility so that we can allow these students to explore while still servicing their high school graduation requirements.

One final note for our readers regarding online classes: Please know that we are not forcing any students to take these classes. We use them as more of an opportunity for improvement and increased student choice. DMS/DHS will continue to strive for greatness. We will explore every opportunity to become better at educating our students and preparing them for future success. They deserve choices and opportunities.

Jeremy Dodd  
Principal DMS/DHS

## L.E.S. Principal Notes

LES Family and Friends,

We tell our students every day that they can accomplish anything if they use two things that they all possess...their minds and their hearts. We can see the desire and passion in their eyes when we talk about accomplishing our goal - being labelled as a Proficient School. It was only .6 points that kept us from achieving our vision last year when the K-PREP scores were released. We are eagerly awaiting the release of our new state test scores from this past May in hopes of hanging our banner of proficiency on the front of the school. Someone once said, "It is just good to be in the hunt." Well, we are right there and knocking on the door of proficiency - a school ranked in the top 30% of the state.

We also understand at LES that is just isn't about data. We must also continue to build relationships with our students, parents, and others in the community. We are proud to say that we hold class meetings with our students where we talk about expectations for the year. We also have parents read and sign the student code of conduct that is located in our student agenda books. We also pleased to announce that we have many new One to One Reading coaches who are signed up to work with our youth this year as we focus on increasing fluency and comprehension. Thank you to the city of Dayton employees and other community members who rose to the challenge of volunteering in our building once a week with our young readers. We will continue to build relationships with all stakeholders always realizing that you can never have too many individuals who can make the difference in the lives of our precious children.

We certainly believe that rewarding students for making good choices on a daily basis is imperative to academic and personal success. This will be the fourth year in a row where students can earn a "Devil Dollar" for staying on a green (good status). Students will then earn the privilege of redeeming their Devil Dollars at the Devil Store. Students will get their first experience at the Devil Store during the month of September. Once again, the 6<sup>th</sup> graders will run the show by escorting students to the store and serving as cashiers. We will continue to challenge our 6<sup>th</sup> graders to be leaders in the building while serving as an example that the young ones can look up to for guidance. Please remember that we are always looking for donations to the Devil Store so we can continue to utilize positive reinforcement with our students.

We are also looking for guidance from the LES parents and teachers as we strive to build a much stronger PTC organization. The Parent Teacher Committee serves as a great opportunity for everyone to get involved with the numerous fundraisers and school functions taking place this year. The PTC meetings are typically held on the 4<sup>th</sup> Monday of the month and begin at 4:00pm or 6:00pm in Lincoln's library depending on what month it is. We encourage everyone to attend and become an active member in the great things taking place at LES. Please look in the next edition of the LES Newsletter regarding our next PTC meeting and like us on Facebook to receive updates about future events.

Finally, another initiative that will continue to occur this year will be the use of a school-wide communication folder. Every student in grades K-6 should be bringing home a green folder each Monday that includes graded papers and pertinent information to LES. Please be expecting these folders every Monday and take the time to go through them each week. As always, please don't hesitate to contact us at 292-7492 if you have any questions. We are very excited about the current momentum that we have at Lincoln Elementary School and know that if we "Expect More...and Demand More...then we will Achieve More!"

Go Little Devils,

# 1<sup>st</sup> Presbyterian Church News

Submitted by: John Robson

Our schools have been in session for a number of weeks (where did the summer of 2014 go?) and our students have set themselves to the joys and the challenges of the 2014-2015 year of learning. I took encouragement from seeing the Dayton community rally to the excitement of the year and the needs of the students. Hundreds of people – many with nary a child in the school system – took the lists of materials needed by students in each grade that appeared in the *Dayton Community News* and shopped for paper, pencils, notebooks, coloring tools, and much more. Members of a number of community groups, clubs, and churches 'bought' into the needs of the students and their teachers. Why? I think it is because the success of our schools is our success as a community. When the schools struggle, Dayton struggles; when they succeed, our town succeeds!

The Apostle Paul in his first letter to his young colleague Timothy does not express an age parameter – minimum or maximum – for the child as teacher when he wrote "Don't let anyone look down on you because you are young, but set an example for the believers in speech, in conduct, in love, in faith and in purity." (1 Timothy 4:12) Scholars do not know Timothy's age, but we know that he was young in the faith and yet called to be a teacher to those much older than he. So too for Dayton's students. Even our youngest students in kindergarten have much to teach the adults. Mostly I think of what they have to learn; but, they can on occasion be my teacher.

Join the folks at Dayton 1<sup>st</sup> Presbyterian each Sunday in worship at 10:45. **Please put down on your calendar our annual rummage sale, October 2-3.**

# Dayton Independent Schools

**Time to thank some of our Collaborative Partners!**

The start of the school year is a great time for us to recognize some of our amazing collaborative partners that support our schools. We can't possibly thank all of them, but here is a start.

### City of Dayton

We start here because we do so much with the city and continue to look for more ways to collaborate. The city of Dayton has been a great partner with our school as it has worked to improve the streets and sidewalks around the school to ensure student and staff safety. The city also works with us in inclement weather to make sure our roads are safe to bring students and staff to school.

We also collaborate with the city on having a School Resource Officer as well as working with the police and fire chiefs to make sure we are prepared in the event of any emergency. We often find ourselves working with the city in the park for school events, games, and practices.

This summer the city helped mentor high school seniors at the city building and police station in a federally funded summer work/scholarship program. Additionally, the city has eight employees who will be One to One Reading Coaches this year at Lincoln Elementary. City of Dayton, thanks for ALL you do!

### United Way

Our regional United Way helps our schools in many ways. They fund the Youth Leadership Development at the Brighton Center, the Education Advocacy Services for Children at Children's Law Center, the Girl Scout Leadership Experience, the Northern Kentucky Children's Oral Initiative, Northern Kentucky One to One, and the "Me and My School" summer tutoring program. We greatly appreciate all that the United Way does for our students and staff!

Next month we will highlight some of our work with the Campbell County library, YMCA, and Northern Kentucky University.

## First Baptist Dayton News

-Join us at the Psalms Festival at Gil Lynn Park-

All of the churches in Dayton and one church in Bellevue have teamed up to sponsor and promote the Second Annual Psalms Festival, on **Saturday, September 20 from noon until 7:30**. There will be children's activities including games, prizes, gifts and food from noon -5:30 p.m. A teen and adult music fest is set from 6 until 7:30 p.m. Several bands and singing groups will entertain. The music fest will feature several types of music - something for everyone. Bro. Harold Pike, First Baptist Dayton Pastor, says, "We're expecting a fantastic day and night of fun, activities and music. We'd love for you to join us!" If you have any questions about the Psalms Festival, call Leland Bennett, Rick Frank or Bro. Harold Pike at 859-341-2414 (H) or 859-468-3181 (C).

-Sweet Action Kids start a new year of activities, September 7-

Sweet Action Kids, for grades K through 5<sup>th</sup> grade, will begin meeting on Sundays from 5 -6:30 p.m., starting Sunday, September 7, at the church located at 5<sup>th</sup> & Dayton Avenues. Sweet Action Kids are from grades K through 5<sup>th</sup> grade. Sweet Action Student Ministry continues to meet on Wednesdays at 6:30 p.m., grades 6 through 12.

-About First Baptist Dayton-

Dayton First Baptist Church was founded in 1850 and is located at the corner of Fifth & Dayton Avenues. Bible study for all ages is held at 9:30 a.m. on Sunday. Worship services are held at 10:45 a.m. on Sunday and 6:30 p.m. on Wednesdays. The church's phone number is 859-431-7105. Our website is <http://www.daytonkybaptist.org>. The church is part of the Northern Kentucky Baptist Association.

## Devil Dollar Store Donations needed for 2014-2015 school year

Lincoln Elementary School gives their students a "Devil Dollar" every day for good behavior while at school. At the end of the month all classes get to visit the Devil Dollar Store to purchase anything from trinket size toys, to lip balm, paddle balls and any other goodies you can find at places like the Dollar Tree.

Our hope is that maybe you will think about these kids every time you see a real bargain and pick it up so the Devil Dollar Store will be fully stocked for the 2014-2015 school year. Please know some kids save up their money until the end of the year to buy up the bigger stuff, but anything you would consider picking up would be greatly appreciated. All donations to the Devil Dollar Store can be dropped off at the Lincoln Elementary office after August 13. Thank you in advance for your donations.

## Dayton Preschool Focus of the Month (Providing FREE, QUALITY preschool to ALL 4 year olds)

Parents, families and caregivers can help their children arrive at preschool and kindergarten ready to grow, ready to learn and ready to succeed by doing simple, every-day tasks and activities.

Sleep is an essential part of your child's health and growth. We often focus on what activities you can do with your children during the day to improve development, but what happens during the night plays a big role in your child's ability to focus and learn as well. Sleep is an essential part of your child's health and growth. Children who get enough sleep are more likely to function better and less likely to experience behavioral problems. Helping your child develop a bedtime routine can lead to a better night's sleep and a happier, more productive day.

### Age Hours of Sleep

0 - 2 months (10.5 - 18 hours)	2 - 12 months (14 - 15 hours)
1 - 3 years (12 - 14 hours)	3 - 5 years (11 - 13 hours)
5 - 12 years (10 - 11 hours)	

### Sleep and Preschoolers (3-5 years)

- Maintain a regular and consistent sleep schedule.
- Have a relaxing bedtime routine that ends in the room where the child sleeps.
- Child should sleep in the same sleeping environment every night, in a room that is cool, quiet and dark - and without a TV.

### Sleep and School-aged Children (5-12 years)

- Teach school-aged children about healthy sleep habits.
- Continue to emphasize need for regular and consistent sleep schedule and bedtime routine.
- Make your child's bedroom conducive to sleep - dark, cool and quiet.
- Keep TV and computers out of the bedroom.
- Avoid caffeine.

The sooner you establish a bedtime routine, the better. You can start a routine as young as 6 or 8 weeks old. A bedtime routine is good for parents, too. You can look forward to that time every day where you can talk, read, cuddle and smile with each other. **Looking for a bedtime story? Check out [babycenter.com](http://www.babycenter.com) for a book or lullaby list.**

## Dayton Independent Schools August Employee of the Month

We want to congratulate Ms. Karen Fuchs as she was recognized as the "Inspire, Engage, and Grow" August employee of the month for Dayton Independent Schools. Karen has been teaching at Dayton Schools for 18 years and is currently a special education resource teacher at Lincoln Elementary. Karen inspires students and staff to always do their best! Karen consistently has an upbeat message and a great "can do attitude."

When you see Karen in action, you can see the high level of engagement that she brings to her teaching as it is reflected in excellent student involvement in their learning. You will often find Karen in the mix, with her head down, leaning in, as she teaches kids. Karen's students are fortunate to have such a great teacher working with them so that they can grow to be their very best. Congratulations Karen and a job well done!

# ELECT VIRGIL BORUSKE to represent YOU as MAYOR OF DAYTON

If elected as your Mayor, I will work toward increasing money reserves through controlled spending, resulting in LOWER TAXES. I pledge to oversee the completion of our Riverfront Development and I will make Public Safety a priority. I will also focus on the revitalization of our Central Business District to see to it that our city becomes a "GO TO" destination instead of simply a road that leads to other places. Finally, I will provide equal support to both our Fire and Police Departments to ensure that our citizens receive the prompt and professional services they have come to expect and deserve.      \*\*\*Paid for by candidate, Virgil Boruske\*\*\*

## SBcomp to hold Grand Opening at New Location on September 15

Steve Brun of SBcomp is happy to announce the Grand Opening of his store at a new location, 2400 Alexandria Pike in Southgate. Specializing in Home or Office Networking Solutions, SBcomp offers computer sales and repair services including virus/Adware removal, Microsoft Windows repair and hardware replacement and repair. You can also call Steve today about Apple/Mac repairs.

## Protect Your Home's Value

Your home may be your largest single investment that you make during your life. The hope and idea being it appreciates in value over time. There are factors that are in your control and those that are not that effect the value of your property. Here are some things that you can do to help maintain the value of your investment.

- Keep the outside looking good. Paint your house as needed, keep the grass cut and edged, and do some landscaping. Plant flowers and bushes in neatly mulched beds. Curb appeal is very important!
- Keep your brick work point tucked and sealed.
- Don't let repairs pile up. When something breaks or wears out fix it.
- Have your vents cleaned every few years.
- Keep hardwood floors sealed and woodwork polished.
- Don't let lime and mildew accumulate in the bathroom.
- Paint your interior as needed. Neutral colors are best.
- Clean carpets when they get dirty. Dirt destroys carpeting.
- Maybe most importantly keep watch over your neighborhood. Report suspicious activity. If you notice drug use or drug dealing call the police immediately. A sure way to see your property value to dramatically drop is to let drug dealers get established in your neighborhood.

## Build your Child's Foundation for Success with BornLearning Academy

### Kids are Born Learning

Did you know your child's brain is mostly developed by age 5? Learning starts long before school. From birth, kids are building the critical skills - social, emotional, language, physical and intellectual - they need for life. But that doesn't mean they need lots of expensive learning toys! Find out how to strengthen your child's foundation with **United Way's BornLearning Academy**. It's a series of six free family workshops that provide parents with tools and resources to turn everyday activities into learning moments. These workshops are held at night with food and child care provided.

### Learning on the go

It's easy and fun to provide early learning opportunities for your young child in any moment - it's learning on the go! **At home:** Turn everyday activities at home such as laundry, meals, and bedtime into learning experiences for your child. **Traveling:** Going places is often exciting for children - learn how to make riding in the car, taking public transit, and walking educational for them and fun for you too. **Public places:** Being out and about exposes children to many learning opportunities. Learn how you can turn excursions to the market, library and playground into learning.

### Sign up today!

Loving, nurturing relationships matter most. Parents, grandparents and caregivers can use everyday moments as learning moments. If you would be interested in getting the knowledge, tools and fun activities offered through the **United Way BornLearning Academy's** six FREE family workshops, please contact Gina Byrd at 859-292-7492 ext. 4005.

If you want someone that will preserve the past and fight for the future of Dayton, Ky I'm your girl!

It's time!

JenniferSierra.com

Paid for by candidate Jennifer Sierra

My name is **Jennifer Sierra** and I am running for Dayton, Kentucky, City Council this November. There are many different candidates seeking council seats this election and I would like you to know why I believe I deserve your vote. If elected, my mission as your council member will be to help ensure the decisions being made for Dayton's present and future are the right ones. My goals as a council member are:

- Improve our fire and police departments by boosting department sizes and improving equipment
- Make Dayton a safe, drug-free community
- Eliminate the Campbell County Schools tax for residents
- Revitalize our central business district
- Preserve Dayton's historic and architectural assets
- Eliminate blight in our neighborhoods

This is both an exciting and critical time in our city's history and it is more important than ever we make the right decisions for our city. For more information, go to [JenniferSierra.com](http://JenniferSierra.com) **FULL STEAM AHEAD!**

## DHS Student Services Spotlight

Greendevils Keep Growing.....Congratulations to our recent DHS graduates who participated in the NKADD Ignition Competition! These students went through an interview process to earn their place in this program. They worked all summer at various internship sites in the community, including Dayton Schools Food Services, Dayton Schools Technology Department, Care Bear Day Care, the YMCA, and the Dayton Police Department and Administrative Offices.

Each student worked up to 29 hours a week in their placement and then participated in NKADD's classes twice weekly. Classes covered topics such as Entrepreneurship, Team Building, Mock Business Creation and Planning, and Customer Service. Students worked together all summer to prepare a business plan for the Ignition Competition, and they won in categories of the Best Customer Buy-in Approach and Best Overall Presentation! Great Job!

Students pictured are: Tabitha Jones, Cindy Collins, Eddie Combs, Zach Stewart, Morgan Tucker, Samantha Nellis, Alicia Hornsby, Bubba Stephens, Chris Johnson, Noah Schoultheis)

Youth Services Center Coordinator

## DAYTON PARK BOARD NEWS

Beginning in late October, the Park Board has voted and received bids on a total renovation of both of the restrooms at Gil Lynn Park. This includes all new all new plumbing in both restrooms & the concession stand. Please note when we receive the actual dates of the renovation, we'll be sure to let you know since both restrooms will be closed during the renovation. Construction could take up to 2 weeks or more, so please look for our notices here.

The Clark Street Park has been weeded, tilled, and had mulch added, to make it look nicer and to be safer for the children who use it. The Walnut Street Park will be worked on in the coming months to make sure it looks good and is safe for our children too! The Park Board also decided to upgrade the security system at Gil Lynn Park. We'll be adding 2 new camera's and updating the amount of memory on the hard drive, so we can go back and check out any incident that may happen. Work will begin soon on updating the system to keep everyone safe while in the Park!

The Park Board also voted to investigate the possibility of hosting another Movie Night in October, but only if the restroom construction is completed. Check this publication for more to come on this at a later date.

The 2nd Annual Psalm 147 Festival will take place in September. They will be offering free food and drinks for all of the kids, along with some great Christian bands for all to enjoy. Please stop down to enjoy the day sponsored by several churches from Dayton and Bellevue. For more information, please contact the event chairman, Rick Frank at 859-835-0389.

Please remember to call the City Clerk's Office to reserve the park for any occasion. There are only 2 rules that we ask everyone to observe while using the park for any event; 1.) You must clean up your area before leaving the park, and 2.) You must leave at least 4-6 other tables available just in case anyone needs to sit and watch their children play at the park. Thank you for your cooperation! You may contact the City Clerk's Office at 859-491-1600.

Lastly, if anyone sees anything criminal going on at any of our parks, please call 911 and report it to the Dayton Police Department. Also, please remember that NO VEHICLES are allowed to park inside the Park! The Police will issue you a ticket for this offense! Also, please make sure that if you're walking your dog or pet through the Parks, YOU MUST HAVE YOUR PET ON A LEASH AND YOU MUST PICK UP AFTER YOUR PET! If you have any questions or concerns regarding any of our Parks, please contact the City Clerk's Office. Thank you and enjoy our parks for the rest of the season!

**Parents of School Aged Children:**

The Dayton Healthpoint School Based Health Center at Lincoln Elementary is open for business. Nurse Practitioner Joanie Combs will be operating the SBHC at Lincoln Elementary School on Thursdays from 8:00 to 4:00. The SBHC is available to all Lincoln Elementary and Dayton Middle/High School students and their families.

Once your children are enrolled, they can be seen for well visits, illness or injuries throughout the school year. It is not necessary for the parent to be present. If your child was enrolled in the SBHC last year, you only need to sign a current form and make sure the information on last year's form is correct.

Please call Tara Ewing, School Nurse, at 292-7492 for information or to enroll your child. Enrollment packets can be picked up in the offices of Lincoln Elementary and Dayton High School.

# Preventing dog bites and attacks

This article is NOT breed specific. With all of the recent bites, attacks, maulings and the occasional fatality involving dog bites, I feel this is important information to help make dog owners more aware.

Dogs are pack animals. If you own more than one dog, then you already have a pack. If you only have one dog, then your human family is the dog's pack. A single dog is more likely to become aggressive and protective over humans in the pack and territory. Multiple dogs can become aggressive just because their excited and they feed of each others energy. Humans do the same thing. That is how riots happen.

Children are more likely to be harmed by dogs. The child could be seen as an intruder to the "pack". The child could be seen as prey, especially if the child is loud, screaming, crying or running. The child could be seen as a lower member of the pack and the dog needs to "reprimand" or "teach" a lesson.

A child can be killed just as easily by a single dog as it can by a pack. Leash laws are so important because they keeps dogs home and under control. If your sweet family dog meets up with another dog while loose, they just formed a pack. If that other dog begins chasing and biting people, your dog will do it too. And your dog may like it and feel motivated to be "bigger and badder" by turning it up a notch.

All dogs can bite. I do hate hearing the phrase "my dog would never bite. My dog loves kids. My dog would never kill a cat, he lives with cats." Your dog is a dog. No matter what breed he was a wolf descendent, a predator, a pack animal and has teeth. Just because we do not understand why or how, just always know your dog can justify it in his doggie mind and will do things that you did not expect. We all can not have Cezar Milan save our dogs, but we all can do simple things to ensure we are pack leaders:

- Spay/neuter your dog. Remove biological and hormonal reasons for aggression. Mating times and/or mother dogs with pups cause attacks on both strangers and family members.
- Confine your dog. Allowing your dog to wander expands the dog's territory that it must protect. Also you can't control the dog if it chooses to protect the sidewalk in front of your house, when the next jogger comes by. Keeping control of your dog puts you in the driver's seat and the he will respect you.
- Do not allow or force people that are nervous about your dog/dogs to interact with them. Especially do not leave them in charge of the dogs or alone with the dogs. Dogs know when they are in charge of a situation or not. Even the calmest sweetest dog can get an ego boost by snapping at someone or bullying someone. I hear "he's never did that to anyone before" often. Different people get a different reaction from the same dog. Most dogs hate your mailman. Two reasons: he is nervous about dogs and he comes often and the dog barks and "makes him leave", in that doggie mind. It's another ego boost thing. They think they saved the family from that "evil" mailman again.
- This may be hard for some people, but DO NOT TREAT YOUR DOG LIKE A HUMAN! If your dog has the size and strength to harm someone you need to be in control. Teach basic commands, Sit, Stay, Come, Down, Leave it, release. If your dog is showing aggressive tendencies, do not let him on the furniture. You need to send a clear message that you are alpha and he is not an equal. Crate training is wonderful. This helps you with housebreaking, preventing chewing and you control the dog and he will learn self control. The crate is also a great place to put the dog if a nervous visitor comes over or if children come over. This gives your dog a safe place.
- Know your dog and do not be in denial. Know if your dog is a resource guarder or not. If you have a large powerful dog and it gets aggressive over toys, food or space, you have a dangerous dog. I do not recommend children living in the same home. It only takes one snap to require plastic surgery or worse. Most of us have had a small dog with this problem. A small dog with this issue is not likely to kill or maim someone. If you are an alpha pack leader then remember to keep the kids safe. I do not give foster dogs toys, treats or food near my kids. They are given in their crate. That way, they have it at their leisure and do not have to "fight" for it.
- Never leave kids alone with a dog, EVER! Kids running in grass and being loud sounds like prey. You may trigger an attack. Kids that run are caught with teeth. Dogs may feel protective of your kids, but feel outside kids are a threat and attack. If your dog perceives you as hurting the kids, he may bite you too. Pay close attention if you are horsing around and the kids start yelling. Stop any protective behavior. You do not want the dog taking over.

I really hope this helps you recognize the potential your dog has and prevents someone from getting hurt. If you have any question or concerns please call 859.292.3622

# Fire Department of Bellevue-Dayton

514 Sixth Avenue Dayton, KY 41074  
 Mike Auteri, Fire Chief 859-261-0083

Joseph "Fireman Joe" Stambush, Public Educator  
 "stambush@fdbd.org"

## Fireman Joe says...

I told you all to be ready for some hot days of summer and as of this writing it was about 91 degrees out, with probably 110% humidity. As we are going into Labor Day Weekend, I hope everyone gets the chance to enjoy one more summer weekend, even though I am sure there will be a few more hot days before we are through. With that thought in mind be sure to finish your summer fun days on a safe note.

- Use caution when firing up that old grill or propane barbeque grill to prepare your feast.
- I'm sure the grass will need cutting a few times before fall, so I hope you are storing your fuel in safe approved containers and in the shed outdoors.
- For all you joggers, walkers and runners out there make sure you are drinking lots of water and staying hydrated.

October is right around the corner and with that comes Fire Prevention Month and our theme this year from The National Fire Protection Association is "WORKING SMOKE ALARMS SAVE LIVES" which encourages you to test yours every month. Fireman Joe will be visiting the schools all month talking to the children about how important smoke alarms are, so be ready to act when they bring their safety message home. Did you know that many people don't test their smoke alarms as often as they should? When there is a fire, smoke spreads fast. You need working smoke alarms to give you time to get out. Be sure to test yours every month. The 1<sup>st</sup> of the month is a good time to do so.

Now I want to make a couple of quick points. Make sure your smoke alarms have the label of a recognized testing laboratory. An ionization smoke alarm is more responsive to flaming fires, and a photoelectric smoke alarm is more responsive to smoldering fires. Both types of alarms or combination (photoelectric/ionization) alarms should be installed in the home. Smoke alarms and alert devices, called accessories, are available for people who are deaf or hard of hearing. Go to [nfa.org/safetytips](http://nfa.org/safetytips) to find out more.

To be honest with you, I just want everyone to have a working smoke alarm in your home; along with a good exit plan that leads everyone with a safe meeting place. Knowing what to do when the alarm goes off is just as important as having it in the home. We have a few alarms available at the firehouse with batteries, in case you can't afford one.

*Fireman Joe*

The Main Street Board would like to congratulate William "Bill" and Marie Chandler of 610 Main Street for being selected as September's Yard of the Month. Their cozy home and inviting yard welcome you with an array of colorful petunias, zinnias, and impatiens. These flowers were a surprise from their children for Mother's Day. They offer a free swim for their feathered friends in a charming bird bath. Standing tall and very proudly flies our American Flag, which is a great representation of the Chandlers; Bill a vet, as well as Trustee of the VFW Post 2899 here in Dayton; and Marie a part of the same post as a Ladies Auxiliary member. They enjoy evenings on the front porch with their children, while watching their grand and great grandchildren play. Congratulations Bill and Marie, for having September's Yard of the Month.

To nominate a Yard of the Month, please email Kim Townsley at [KTownsley@fuse.net](mailto:KTownsley@fuse.net)
