FROM: Michael Giffen, City Administrator

RE: Weekly Report

DATE: June 14, 2019

Administration Overview

[The June 4th City Council Meeting video is available online.](#)

Rick Lucas and I met with NKY Water Company on Ervin Terrace. They have completed the plans and are looking to bid the project of a new water main sometime this summer. Along the way they will replace areas of the road, sidewalk, and curb that have been undermined by repeated water main breaks. The City will also look to bid a project for portions of the road and curb that are not going to be covered.

Economic Development/Grants/Etc.
