

City of Dayton
Memorandum

TO: Mayor and Council

FROM: City Administrator, Michael Giffen

RE: Monthly Report

DATE: May 2019

Overview

Interviews for the Executive Director Position at the Dayton Housing Authority have been completed. Gordon Henry was offered the position and has accepted. We are pleased to welcome him to the community.

This week we were given permission by the State to move on to Phase II design for Riverfront Commons. Phase I is current under construction. If you haven't had a chance head down and take a look at the progress being made.

The work on the Fiscal Year 2020 budget is now complete. Thanks to Mayor Baker and Councilmember's Cornett and Lynn for their help putting this together. Also a special thanks to our staff for helping provide the necessary data and time to make this all come together.

The Storm Water Task Force met with SD1 to learn more about their involvement in the public storm water process and to also gauge their interest in helping the City identify potential long term public/private storm water issues that will allow us to formulate long term goals in mitigating those problems. SD1 has several programs that should help us accomplish this task and in the near future the city staff is going to sit back down with SD1 to go over data collected by both sides and compare what each entity has identified as troubled areas.

Respectfully Submitted,

Michael Giffen
City Administrator
